Vancouver Hospice Society Special General Meeting

On Thursday, January 25, a Special General Meeting was held in the Presidents Rooms in the Vancouver Club to discuss and vote upon a commitment by the Commandery in cooperation with the Order of St. John Palliative Care Foundation to raise \$3 million from Members and Third Parties for the naming rights to a proposed hospice satisfactory to the Commandery.

Dame Drinda Scott was appointed Scrutineer of the Meeting. She reported that 38 Members were present in person.

The Commander, Poul Hansen acted as Chairman of the Meeting. He thanked the Members for turning out for an important decision affecting the Commandery's charitable objective to support hospice palliative care services in British Columbia. The building of a hospice on the west side of Vancouver will be a partnership with the Vancouver Hospice Society.

The Chairman then introduced Chev. Ian Reid, Hospitaller, who presented the history of the Commandery's 2-year relationship with the Vancouver Hospice Society ("VHS"), which was established a few years earlier. VHS has a core of volunteers trained in hospice care who currently conduct day programs and it is operating a successful thrift shop, HOB.

He referred to the sketch of the proposed hospice building as created by Dame Grace Gordon-Collins and explained that it provided for 12 beds and a non-institutional design.

There are two major developments that need to fall into place before construction can commence.

First, a one acre property at no cost must be found. The Commandery has identified several locations, two of which are the most suitable. One would be on University of B.C. ("UBC") land and the other on provincial land at Jericho; the former is more likely.

Secondly, and to start the process of obtaining the land, a comfort letter is required from the Vancouver Coastal Health Authority ("VCH") stating that VHS and the Commandery may reasonably expect to receive operational funding. The nature of this comfort letter is now being discussed with VCH. And such a letter of will have to be upgraded to a commitment before construction commences.

The Commandery is proposing to raise \$3 million for the construction and the amenities of the 10,000 sq.ft. hospice. Based on current residential building costs at UBC, Chev. Kenneth Mahon estimates the construction costs to be \$2 million. Chev. Mahon's company is a developer on UBC lands. Costs in excess of \$3 million, which would include landscaping, will be the responsibility of VHS.

In return for the \$3 million, the Commandery will have naming rights to the building and the rooms in the hospice. The name of "St. John's Hospice" is being considered.

VHS would be responsible for the operation of the hospice, a function that will be indicated on the signage.

The Commandery and VHS are now engaged in working out governance issues in which Chev. John Norton will participate. Chev. Norton is a practicing lawyer.

The Chairman introduced Chev. Kenneth Mahon, Chairman of the Order of St. John Palliative Care Foundation ("the Foundation").

Chev. Mahon advised the Members that the Commandery had agreed that the Foundation will undertake the fundraising of the \$3 million. The Foundation's Directors and Trustees are all Members of the Commandery.

He explained the research done already and the fundraising plans, all of which made him comfortable that the \$3 million could be reached. Other Members will assist him and he would welcome other Members to come forward.

The Foundation is well on its way to have a capital at the end of 2007 of \$1 million. At this time, it is not contemplating depleting its capital for the purpose of the hospice project.

Special General meeting Continued from page 1

The Chairman invited questions from the Members, which were answered by Chev. Reid and Chev. Mahon. Legal questions were handled by Chev. Norton.

The Chairman called for the vote, which was unanimous in favour of a commitment by the Commandery in cooperation with the Order of St. John Palliative Care Foundation to raise \$3 million from Members and Third Parties for the naming rights to a proposed hospice satisfactory to the Commandery and the Foundation to be operated by Vancouver Hospice Society on the west side of Vancouver.

The Meeting closed and Members and guests gathered for hors d'oeuvre and refreshments.

The Amendments to Constitution

Two amendments to the Constitution were proposed and brought to the meeting of the Sovereign Council in Dunblane, Scotland in September 2006. Both proposals were approved by the Sovereign Council. The amending procedure requires such resolutions to be confirmed by a vote of the Chapter General of the Sovereign Order and a separate vote of the Bailiffs.

Accordingly ballots were sent to all Members of the Chapter General and also to the Bailiffs to be returned to SOSJ International Office by December 28, 2006. Of the votes returned by Members of the Chapter General, all were in favour of both amendments. Of the votes returned on their separate vote by the Bailiffs, all were in favour of both amendments.

I therefore report that the KP II Constitution Article 3 paragraphs 2) and 3) now read as follows:

2) The Arms of the Order depict a regular white cross on a red background placed on a Cross of Amalfi (a cross with eight points) in silver, all of which is topped by a closed crown of the Order and sits on a double-headed black eagle.

3) The flag of the Order displays the white Cross of Amalfi on a red background. The colours of the OSJ are red and white. Its motto is, true to tradition: PRO FIDE, PRO UTILITATE HOMINUM. The day of commemoration is June 24, St. John's Day.

I also report that Article 8 5) now reads:

8 5) Le Petit Conseil decides among itself by majority vote who will preside over its meetings, to set the date, time and place as well as co-ordinate Agenda items through consultation with all members. A proposal to change the Presiding Officer, from its current designation of the Grand Commander in The Rules of the Order, may be initiated by a member of Le Petit Conseil and will be decided by a majority vote.
